

DW-VFC9

No.	Category	Description																																
1	Ceiling mount Centrifugal Fan																																	
2	Description	ABS plastic front panel, PP plastic fan body and blower, wild ranges panels for choosing																																
3	Type	Centrifugal Fan																																
4	Certificate	CE, CB																																
5	Input Voltage/Hz	110V/60Hz																																
6	Duct Size	4"/100mm																																
7	Motor	Capacitor motor, 100% copper coil																																
8	Bearing	Sleeve bearing																																
9	Thermal cut-out protection	Yes																																
10	Power	26W																																
11	Air volume (CMH)	144																																
12	Air volume (CFM)	84.72																																
13	Noise Db (A)	40																																
14	RPM	1050																																
15	Pressure (Pa)	68																																
16	Application area	12~16																																
17	Material	PP+ABS panel																																
18	Protection Grade	IPX2																																
19	Mounting	Ceiling mounted																																
20	Gross weight per carton	11.1																																
21	Package	89.5*30.3*37.3cm (6pcs/ctn)
